26 January 2022

Through the Principal

Dear Parents.

RE: P5 GROWING YEARS PROGRAMME

The Growing Years Programme aims to help our pupils learn about the physical and emotional changes that they are going through. This includes:

- helping them build and maintain healthy relationships with their families, peers and others
- guiding them in safety practices to protect themselves from abuse and harm
- making responsible decisions in their interactions with others and when using social media

The programme and its materials are planned by the Ministry of Education and taught by teachers specially trained by MOE in the delivery of the lesson. Pupils will be engaged in the viewing and discussions of scenarios during the lessons. They will also be required to do reflections upon completion of the programme.

You may visit the school website at http://whitesandspri.moe.edu.sg for further details on the Growing Years Programme.

Parents who <u>do not wish</u> for their children to undergo the programme must complete the optout form attached. Kindly return the form to your child's C4RE teacher by <u>28 January</u> 2022.

For further queries on the programme, please contact our programme coordinator, Ms Kathryn at 69229124.

Thank you.

Yours faithfully,

OHULGIA

Mrs Joycelyn Lok

CCE HOD
